

RoboVis

2018

Technical Demonstrations

When: Wednesday, 8th August from 3:30pm-5:00pm

Setup: Wednesday, 8th August from 7.00am-9.00am

Contact: Demo Session Coordinator, Viorela Ila,
Viorela.ila@anu.edu.au

Demos are open to all research fellows and students during RoboVis 2018. You will be provided with a table, two chairs, an electrical outlet and 2 monitors.

Important: Please bring your own laptop and HDMI cables, including adapters for VGA/DVI/HDMI/Display Port/Mini Display Port. Each demo is required to prepare one A2 poster (42.0 x 59.4cm) in portrait using the Centre template and submit this by **Friday, 20th July 2018** as printing will be arranged centrally. Wifi will be available throughout the demo session. Please inform the demo coordinator if you need wired ethernet access.

Demo spots will be numbered. Your spot number will be the number beside your title in the printed program. You are requested to be present at the demo location at least 10 minutes before the start of the demo session in order to set up the demo and the poster. **To participate:** please email me your name, demo title and short description by **Friday, 29th June 2018**. An award for the best demo will be presented during RoboVis 2018.
